Change. FAVOR BAILEY TAX BILL

Assistant Secretary of Labor Post Urges Support of Single-Tax Measure.

Further opposition to the proposed change of the Commissioners in the lo-cal school system was voiced by the Southwest Citizens' Association at a meeting in the Jefferson School last night. The action came after C. N. Thompson, principal of the school, had compared in detail the present system with the one proposed by the Commissioners. Principal Thompson, who has been in the local schools since 1895, said he had grave doubts that the Commissioners would be able to find five public spirited citizens who would be willing to serve citizens who would be willing to serve on the proposed advisory board of education with no powers but those granted by the Commissioners, a view expressed editorially in The Washington Herald several weeks ago.

son selected to represent the organiza-tion on the "ad vigilance committee." The action of the association carried with it an indorsement of the proposed law against false advertising, which the mer-chants will endeavor to have enacted by Congress.

After Assistant Secretary of Labor,

Louis F. Post, has urged the people of the District to support the bill introduct in Congress a few days ago by Rep-resentative W. W. Bailey, providing for a single tax for the District, the a single tax for the District, the association indorsed the measure. Mr. Post denounced all taxation as "an enforced contribution" taken from what people justly earn in order to run the city. He declared that if land values were taxed, the city would take into its treasury the ever-increasing sums of money which, he said are now going. money which, he said, are now going into the hands of realty speculators.
